

Missouri

Share life.

- Organ and tissue donation is your choice. It is a gift of life.
- You can change or cancel your gift at any time.
- All ages can join the registry. You do not have to be in the registry to be a donor.
- The registry is confidential. Your data is only shared with approved agencies when you are at or near death.
- Joining the registry allows medical staff to:
  - Inform next of kin of your choice to be a donor.
  - Obtain social and medical history.
- Medical staff will find out if your gift is safe to use for others. State law gives these staff this right.
- At death, parents or legal caretakers make the final choice for people age birth to 17. A minor who has been given legal adult status has the final decision.
- If there is no record in the registry, someone you assign, next of kin, guardian, or chosen person can talk for you.
- A suspended, expired, or lost driver license does not cancel your choice to be a donor.
- You must document, as outlined by law, if you do not want others to make a gift for you.
- A donor can save up to 8 lives, give sight to 2 people, and as a tissue donor can restore health and heal the lives of more than 75 people.

## It's Your Choice

## Register

- To have your name added to the Donate Life Missouri Registry, say **YES** when you apply for or renew your driver license, ID card, or instruction permit, **or**
- Enroll through the Donate Life Missouri website, **or**
- Fill out and submit the paper enrollment form found on the website. Click on the "Other" tab and select "Forms", **or** call **888-497-4564** and request a form if you do not have access to the Internet.

## Remove

**Have you said "Yes" to being an organ and tissue donor in the past and no longer want to be in the Registry?** There are three ways to remove your name from the registry.

- Use the online removal process on the website, **or**
- Complete and mail in the removal form found on the website. Click on the "Other" tab and select "Forms", **or**
- Call **888-497-4564** and request a form if you do not have access to the Internet.

Remember, taking your name off of the registry does not mean you cannot make a gift at the time of your death.

## Change

Updating your profile lets you say which organs and tissues you do or do not want to donate to another person. Donating to research is also an option.

- To change your record on the website, click on "Edit" in the upper right-hand corner.
- If you move or change your name, please update your registry record.
